

30

Boston Analytical turned 30

Phenomenal growth continued in 2017

30 new employee positions were added to the awesome Boston Analytical Team

Boston Analytical was featured in articles in Drug Development & Delivery and NH Business Review publications

Dedicated lab space was designed and built for the Analytical Development Group

Our national reach was increased with account executives added to the Southeast and New England territories

An Environmental Monitoring module was added to our LabWare™ LIMS system

In Chemistry; we enhanced the department with the addition of new instruments to complement our existing fleet to include:

- › Multiple reach in chambers for stability storage
- › Additional walk in stability chamber for 25C conditions
- › 5 HPLC instruments with UV and photodiode array detectors
- › A UV spectrometer
- › A second Charged Aerosol Detector for HPLC
- › Multiple dissolution apparatuses
- › An Ion chromatography system
- › Vapor pressure osmometer

In Microbiology we added additional equipment to include:

- › Roche lightcycler for qPCR
- › MALDI-TOF for microbial ID
- › Walk in 5C chamber
- › 2 additional anaerobic chambers
- › New thermal cycler for PCR analysis

We attended over 30 industry events including:

- › PepTalk – Protein Science Week, San Diego, CA
- › Extractables, Leachables & Impurities East & West Coast Events, Philadelphia, PA & San Diego, CA
- › INTERPHEX Annual Meeting & Exhibition, New York City, NY
- › MedTechWorld BIOMEDevice Boston, Boston, MA
- › CPhI North America, Philadelphia, PA
- › Contract Pharma Contracting and Outsourcing Conference, New Brunswick, NJ
- › MassBio CRO/CMO Symposium, Boston, MA
- › ISPE Boston Chapter Events and the Product Show, Foxboro, MA
- › PDA Global Microbiology Conference, Bethesda, MD
- › AAPS Annual Meeting/Expo, San Diego, CA

WE'RE EXCITED FOR A POSITIVE 2018!

The new year (2017) started out in our modern new facility
